# Relax and Read

Your child is to read at least **twenty minutes** each evening. It is important to their reading growth that you do observe them doing this each night. They need to fill in this chart and you need to sign it **every** night, not just the night before it is due. They will then return it every Monday for a grade.

During this twenty minutes they are allowed to read an AR book, a non-AR book, the newspaper, or a magazine (but they must be **reading** the magazine, not just looking at the pictures.)

Day number 5 can be accomplished on Friday, Saturday, or Sunday.
